

Metallica and Philosophy: A Crash Course in Brain Surgery

By -

Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. Hit the lights and jump in the fire, you're about to enter the School of Rock! Today's lecture will be a crash course in brain surgery. This hard and fast lesson is taught by instructors who graduated from the old school. They actually paid \$5.98 for The \$5.98 EP. But back before these philosophy professors cut their hair, they were lieutenants in the Metal Militia. A provocative study of the thinking man's metal band, this book: Maps out the connections between Aristotle, Nietzsche, Marx, Kierkegaard, and Metallica, to demonstrate the band's philosophical significance. Uses themes in Metallica's work to illuminate topics such as freedom, truth, identity, existentialism, questions of life and death, metaphysics, epistemology, the mind-body problem, morality, justice, and what we owe one another. Draws on Metallica's lyrical content, Lars Ulrich's relationship with Napster, as well as the documentary Some Kind of Monster. Serves as a guide for thinking through the work of one of the greatest rock bands of all time.

Reviews

This is the greatest pdf I actually have gone through right up until now. It is actually packed with knowledge and wisdom. I found out this book from my dad and I advised this publication to find out.
