Fracked

By Mark Campbell

Darkest Hour Publications, United States, 2015. Paperback.
Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Tres Rios, Texas was a small town that would be hard to even place on a map. Located in the Rio Grande Valley in-between San Antonio and Corpus Christi, it was a tight-knit community of ranchers who had family lines that stretched back to the days of the Alamo. All that changed one day when a local rancher discovered oil on his land. The multinational energy conglomerate Triburton quickly swooped in. As rig after rig went up and the company's tentacles took deeper root, Triburton's hydraulic fracking operation poisoned the town's delicate ecosystem and drove away entire generations of families. John and Rebecca, a couple caught in the middle of the town's rapid decay, find themselves forced by cruel circumstances to work for the very company that destroyed their hometown and forced them to give up their old way of life. Together they dream about the day they can move away and start a new life together far away from Tres Rios. However, after an industrial fracking accident unleashes a horrific plague...

Reviews

I actually started looking over this publication. It really is rally interesting throgh studying period. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Dana Hintz**

Good electronic book and valuable one. It really is basic but unexpected situations in the 50 percent in the pdf. You wont really feel monotony at at any moment of your time (that's what catalogues are for concerning when you ask me).
