

The Political Economy of Colonialism in Ghana

By Unstated

Gregg Revivals, 1993. Hardcover. Book Condition: New. Dust Jacket Condition: No Dust Jacket. First Edition. This work provides a selection of official documents by the colonial government in Ghana illustrating the evolution of its economic policy in the 20th century. It includes a statistical abstract of economic and social data for 1900-60 which is as complete as sources permit. In an introductory essay it is argued that in Ghana the official British colonial commitment to free trade and laissez-faire was not reflected in practice and that colonial authorities were unwilling to foster trade that did not contribute directly to the accumulation of British capital. The origins of this policy are shown to lie in the structure of British power. The consequences for the progress of Ghanaian enterprise and development are traced in detail.
