Big Plans, Small Gardens

By Sturgeon, Andy

Mitchell Beazley, 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Introduction Assessing your Needs Identifying your priorities and how to maximise the potential of the space you have to achieve them. Includes case studies showing how real-life priorities were addressed and balanced. Eating & Entertaining Playing (kids and adults including tree houses) Rest & Relaxation Working Solutions by Area Looking at issues arising due to the nature of particular types of spaces. Includes considerations to be taken into account; weight (eg on roofs); specific planting issues to address (eg too much/too little light/containers etc); access; ideas to make the most of awkward issues and achieve maximum use. What are the problems you have to overcome due to the space you have? Lack of privacy/overlooked; all shade & no light; full sun and no shade; noise etc. Case studies for each space type show how real problems were addressed. Balconies & Terraces Rooftops Patios & Courtyards Basements & Areas Doorways & Entrances Design Details Focusing on the details - the elements that give a space a particular look. These dense, multiple picture spreads are packed with ideas and advice. Lighting Walls (materials/ideas/colours etc) Flooring...

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Otis Wisoky**

This publication is great. It is full of wisdom and knowledge You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).
