Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book is more a vehicle of love for the artist s community than anything. It is a marriage between the world of art appreciation and the world of the artist, with the result being a keepsake of the artist s works of art combined with a personal glimpse into their world. Tamara talks about her self-training journey, how she initially taught herself art principals, concepts, and techniques, and then gained more knowledge under a mentor. She practiced her skills and then dove into the world of art shows to market her work. This is a success story of what can be done when one puts their mind and hearts into their dreams and overcomes obstacles in their way. This is a childhood dream set aside for decades, but never forgotten, that is finally coming true. As a single mother she put herself through college, and through hard work obtained a successful career in the Information Technology field. Readyng herself for an early retirement, it is now Tamara s turn to live her dreams as an artist.
