The M16A1 Rifle: Operation and Preventive Maintenance

By Army

Skyhorse Publishing. Hardcover. Book Condition: New. Hardcover. 64 pages. Dimensions: 7.2in. x 5.1in. x 0.7in. The U. S. Army teamed up with cartoonist and graphic artist Will Eisner to produce teaching tools for U. S. soldiers in a medium that they could easily understand. The M16A1 Rifle: Operation and Preventive Maintenance, first printed in 1969, features a female narrator who instructs GIs on the proper care of their AR-15 (military name M16A1) rifles. Firearms are notorious for jamming and malfunctioning. More than a simple manual and step-by-step guide, this unconventional yet important military document tried to appeal to soldiers with suggestive chapter titles such as How to Strip Your Baby, What to Do in a Jam, Sweet 16, and All the Way with Nglig. A copy of the thirty-two-page booklet was issued to nearly every soldier serving in Vietnam. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
