WHITE COLLAR CRIME AND OFFENDERS A 20-YEAR LONGITUDINAL COHORT STUDY

DOWNLOAD

iUniverse. Paperback. Book Condition: New. Paperback. 228 pages. Dimensions: 9.2in. x 6.1in. x 0.6in. This book is a landmark in the study of white-collar crime and is the largest study of its kind ever conducted. This book will serve the needs of criminologists, policy-makers and the public as well. It will address the issue of what white-collar crime is, how social scientists have grappled with its definition, and report on the results of a 20-year longitudinal study of white-collar offenders. The frequency of their criminal conduct is analyzed and compared to other types of offenders. The study involved retrospectively analyzing the data on the criminal careers on a very large cohort of more than 17, 000 offenders. The purpose of the study was to: (1) test hypotheses about white-collar and street crime offenders, (2) evaluate and critique theories of crime in relation to both types of offenders, (3) determine the extent of chronic offending among white-collar and street crime offenders within the career criminal paradigm, and (4) measure the degree of offense specialization found among all the offenders in the study. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
