Rarebooksclub.com, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1910 edition. Excerpt: . made, and daily and monthly discharges have been obtained by comparing the relatively frequent discharge measurements with the hydrographs of other streams in that section. As the stream bed is rather rough and the current is swift, measurements at high or medium stages are not very accurate. The daily and monthly discharge estimates, computed by the method outlined above, are necessarily only approximate. Discharge measurements of Whitcrocks River near Whitcrocks, Utah, in 1907 and 1908. a Wading measurement. b Backwater caused by fallen tree in stream below gage. Ice conditions. d New gage. Old gage was trashed out about May 4, 1908, and new gage was established May 10, 1908. The gage datum and locations are not the same. Monthly discharge of Whiterocks River near M hitcrocks, Utah, for 1907 and 1908. Drainage area, 114 square miles. Note.--The above values are classed as C. The dally discharges were obtained from a hydrograph pjslmg through the measurements following the rat of rise and fall of the other stream in the basin on which daily records were obtained. PRICE RIVER NEAR HELPER, UTAH. Price River rises in the Wasatch Mountains, in the southeastern part of Utah County, flows in a generally southeasterly direction and unites with Green River at a point about 14 miles above Greenriver, Utah. The main source of supply is the snow in the upper reaches of the basin, where elevations range from 8,000 to 9,000 feet. The region is extremely rough and...
