

## The Book of Indian Birds 13th Edition

Filesize: 1.48 MB

### ***Reviews***

*An extremely wonderful publication with lucid and perfect reasons. It typically will not expense too much. You are going to like the way the blogger compose this publication.*

*(Prof. Maya Hand)*

## THE BOOK OF INDIAN BIRDS 13TH EDITION

Oxford University Press, New Delhi, India, 2003. Hard Cover. Book Condition: New. Dust Jacket Condition: New. Thirteenth Edition. This much-awaited revised edition includes the extensive changes in the scientific and common bird names that have taken place since the last revision in 1996. Following the publication, in 2001, of the list of Standardized Common and Scientific Names of the Birds of the Indian Subcontinent in the Buceros 6 (1), the common and scientific names have been modified based on this list. It is expected that this will provide uniformity in the names used throughout the Subcontinent and outside, and help birdwatchers to communicate better while exchanging their observations. The Alternate Common Names given in the earlier edition have been removed. The Index of common names of species, giving plate and serial numbers, has been replaced with separate Indexes of Scientific and Common names according to page numbers. Minor errors that were overlooked in the earlier edition have also been rectified. Dr. Salim Ali last revised and enlarged the BOOK OF INDIAN BIRDS in 1979 when the eleventh edition was published. This edition described and illustrated 296 species, and was last published in 1992. Thereafter, it was decided that the Book should be enlarged to cover the common and interesting birds of all biogeographic zones in India to make the book a useful field guide for the Subcontinent. This revised and enlarged edition of the book is being brought out to commemorate the centenary of Dr. Salim Ali and his seminal contribution to the popularisation of the study of birds in India, which began with the publication of the 1st edition of the BOOK OF INDIAN BIRDS fifty-four years ago, in 1941. The edition covers 538 species, the descriptions of which have been compiled from Dr. Salim Ali's writings to...
